

ARTHUR CHEQUER LEITE

AI Engineer | Machine Learning | LLM Applications | Cybersecurity Data Science

+55 (31) 99471-0120 | arthurchequer@hotmail.com | [linkedin.com/in/arthurchequer](https://www.linkedin.com/in/arthurchequer)

My portfolio: arthurchequer.com

PROFESSIONAL SUMMARY

AI, Data Science, and Cybersecurity Analytics professional applying Python, machine learning concepts, dashboards, automation, and security data to support global decision-making. MBA candidate in Artificial Intelligence, Data Science, and Big Data focused on Large Language Model (LLM) applications, LangChain, Hugging Face, Retrieval-Augmented Generation (RAG), NLP, prompt engineering, and AI-powered automation. Proven impact monitoring 60+ cybersecurity metrics, maintaining 4 executive Power BI dashboards, and creating 2 reporting automations.

TECHNICAL SKILLS

AI & Machine Learning: Python; Machine Learning; Large Language Model (LLM) Applications; LangChain; Hugging Face; Prompt Engineering; Retrieval-Augmented Generation (RAG); Natural Language Processing (NLP); AI Automation.

Data & Analytics: Power BI; Data Analysis; Dashboard Development; Data Visualization; KPI/KRI/KCI Monitoring; Data Cleaning; Reporting Automation; Cybersecurity Metrics.

Cybersecurity & GRC: Cybersecurity Analytics; Risk Metrics; NIST CSF v2.0; NIST SP 800-53; ISO/IEC 27001; LGPD; Phishing Simulation; Vulnerability Management; Security Awareness Analytics.

Tools & Cloud: Microsoft Azure; AWS; Google Cloud Platform (GCP); CrowdStrike Falcon; Eramba GRC; SOPHOS Firewall.

PROFESSIONAL EXPERIENCE

RHI Magnesita | Junior Information Security Analyst - Cybersecurity Data & AI Focus | Feb 2025 - Present

- Analyze cybersecurity, governance, risk, and compliance data to support global decision-making, executive reporting, and security performance improvement.
- Monitor 60+ security metrics across KPIs, KRIs, KCIs, risk indicators, governance metrics, and cybersecurity performance indicators.
- Built and maintain 4 Power BI dashboards for cybersecurity reporting, executive visibility, risk analysis, and performance monitoring.
- Created 2 automations that reduced manual reporting effort and improved consistency in recurring cybersecurity reporting processes.
- Structure, clean, and analyze security data to improve risk visibility, anomaly identification, metric quality, and analytical maturity.
- Administer Eramba GRC for NIST CSF v2.0 implementation, control monitoring, compliance tracking, and governance reporting.
- Use CrowdStrike Falcon to support endpoint security monitoring, threat visibility, and operational security insights.

RHI Magnesita | Information Security & GRC Intern | Aug 2023 - Feb 2025

- Supported cybersecurity analytics, dashboards, security awareness, phishing simulations, and GRC reporting in a global security environment.
- Built Power BI dashboards to track cybersecurity indicators and improve visibility into security performance and risk trends.
- Analyzed phishing simulation results, user behavior, awareness performance, and training effectiveness to support security culture initiatives.
- Supported Blue Team and Red Team activities by organizing findings, tracking vulnerabilities, and improving reporting quality.
- Assisted secure file transfer proofs of concept focused on confidentiality, integrity, secure data exchange, and data protection.

LogicNet Tecnologia | Firewall Engineering Intern | Apr 2023 - Aug 2023

- Supported SOPHOS firewall operations, incident triage, technical tickets, network security troubleshooting, and perimeter defense activities.
- Assisted firewall rule configuration and network security policy maintenance, building a foundation in infrastructure security and firewall administration.

EDUCATION

MBA in Artificial Intelligence, Data Science, and Big Data for Business - Ibmecc | May 2025 - May 2026

Bachelor of Technology in Cyber Defense - FIAP | Feb 2023 - Feb 2025

CERTIFICATIONS

Microsoft Certified: **Azure Fundamentals (AZ-900)**; Microsoft Certified: **AI & ML Engineer**; **Google Data Analytics Certificate**; CrowdStrike Falcon Administrator; Cisco Endpoint Security; EC-Council Ethical Hacking Essentials; IBSEC Associate Ethical Hacker; CertiProf LGPD; TCM Security Practical Web Application Security and Testing; Security Blue Team Dark Web Operations; **Dale Carnegie Communication & Leadership**.
